

## Tower Ranch saddles up to scenic Okanagan backdrop

**T**ower Ranch, the Okanagan's newest golf community, is just waiting to be discovered.

With stunning views of Kelowna and Lake Okanagan, this master-planned community occupies more than 446 acres of beautiful hillside property on the slopes above Kelowna.

Tower Ranch will feature a mixture of single-family residences and townhomes, all situated on a Thomas McBroom-designed golf course.

The first phase of homes at Tower Ranch are now being offered by Dilworth Quality Homes. Choose from single-level bungalow and rancher-style homes, as well as

two-storey homes, all designed to make the most of Tower Ranch's hillside location.

The plans feature open designs with entertainment and wine rooms, master suites, expansive patios and natural wood and stone treatments.

The Thomas McBroom golf course, The Club at Tower Ranch, is destined to be one of the Okanagan's premiere courses. Each hole features stunning views of Lake Okanagan and Kelowna.

And of course, no quality golf course is complete without a clubhouse. Tower Ranch clubhouse will feature 10,000 square feet of amenities, including

a pro shop, fitness facility, homeowners lounge, and a restaurant.

Tower Ranch is named for Stan Tower, a local businessman who farmed the land where this community is now growing.

Tower had a vision of a place where the natural and the man-made co-exist, and a partnership between the Tower family, Dilworth, Aberdeen and Intrawest is now making his dream a reality.
